Captain W. P. Kellogg, USNR (Ret)  
Railway Exchange Building  
St. Louis 1, Missouri

Dear Pitt:

Thanks for the kind words in your letter of 23 November 1949. If your son is interested in a position with the Atomic Energy Commission, I suggest he write a letter to Carroll Wilson, General Manager of the Atomic Energy Commission, Washington 25, D. C. That would certainly get him in touch with the right person.

Again, with best wishes, please believe me,

Sincerely,
